1. For console mounted shifter, center tunnel before or aft of shifter. For column mounted shifter, center stack.
2. Only vehicles equipped with side airbags can be read out by the CDR tool.

3. For 2005 – 2006, some Chrysler 300, Dodge Magnum, Dodge Charger, Dodge Dakota, Jeep Grand Cherokee, and Jeep Commander models may contain EDR data that can not be read by the CDR tool.
4. Crash data is recorded for **FRONTAL DEPLOYMENTS ONLY** on these vehicles.
5. When downloading these modules using the provided CDR cable, plug the cable into the CDR Interface Module, apply power and wait at least 1 minute after power is applied before collecting data. Failure to do so may cause an error during download.
