\* These vehicles use the 12 pin DLC cable, 02003090.

1. Please connect directly to the SDM for EV1 electric cars.
2. Does not record pre-crash data.
3. 1999 Saturn vehicle's DLC port has a non-standard wiring configuration and does not interface with the Bosch OBD II interface cable (02002837). Please connect directly to the SDM, or contact Bosch for more information.
4. These trucks have different SDMs depending upon body style. If the eighth digit of the VIN is either F, J, or R, please use the **02002888** cable.
5. If no cable part number is shown, this means the vehicle is supported via DLC only.
6. Clicking on cable part number displays expected data.
7. No key is required to download these vehicles, leave ignition off.
8. If world make identifier (first 3 digits of the VIN) is 1GT, 2GT, 3GT, 1GD, 2GD, 3GD, 1GC, 2GC, 3GC, 1GB, 2GB, 3GB and the production sequence number (last 6 digits of the VIN) is 500000 or lower.
9. If the world make identifier (first 3 digits of the VIN) is 1GT, 2GT, 3GT, 1GD, 2GD, 3GD, 1GC, 2GC, 3GC, 1GB, 2GB, 3GB and the production sequence number (last 6 digits of the VIN) is 500001 or higher.
10. If engine code is 9 or E (8th digit of VIN).

11. If engine code is not 9 or E (8th digit of VIN).
12. If engine code is 7 (8th digit of VIN).
13. If engine code is not 7 (8th digit of VIN).
14. If line chassis is V (5th digit of VIN).
15. If line chassis is R (5th digit of VIN).
16. Only vehicles equipped WITH side curtain airbags have ROS module support. You can tell if a vehicle is equipped with side curtain airbags visually either by noting if they were deployed in a crash or the 'B' pillars are marked with the word "Airbag". Note that the CDR application will allow you to attempt to retrieve ROS data from vehicles without side curtain airbags even though the ROS module is not installed. In this case, the CDR application will display a communication error when attempting to retrieve ROS data.

**HELP TIP:** Use the help system's "Back" button to easily return to your place in the vehicle list.
